Introductory

The Union Directory Company, of Anderson, Ind., take this opportunity of thanking the good people of Kosciusko County for their hearty support, encouragement and assistance in making it possible for this Company to issue a Complete City and County Gazetteer of Kosciusko County.

Every live, up-to-date and hustling city needs a new Directory every two years, and Warsaw is in this class, and we take pleasure in stating that we will be on hand in time to compile a new book when needed.

Our Company employs only experienced men, and the work is taken up from original information, and not a compilation of old directories.

We solicit your careful investigation, and assure you our next issue will be superior to this, as we are keepers of time in the Directory business, with fast growing cities, where we publish.

We again desire to thank our patrons and the people of Warsaw, and Kosciusko County, for their assistance, interest and support, both in a financial way and in furnishing data for this book. Yours sincerely,

UNION DIRECTORY CO.,
Anderson, Ind.
